# Other Terms & Conditions

**The Terms and conditions of the agreement inter alia as follows:**

1. **That** the First party is ready to provide the services to the second party for development and/or deployment of Software/ERP/Modules which is having the brand name as “Absolute ERP”. The ERP is Web based and not windows/system based and shall be deployed on Cloud server.

2. **That** cloud hosting payments will be made 100% advance + taxes in advance with purchase order. The Subscription for Cloud will be on yearly basis. Cloud Cost may get increase as per the increment done by the cloud vendor

3. **That** The communication between the first party and second party shall be through the mail. Apart from it one Relationship Manager shall appointed for the second party. Verbal communication or WhatsApp communication shall not be treated as official communication.

4. **That** First party is liable to provide the Initial setup to the second party either onsite or offsite with the specific fee as defined.

5. **That** First party shall provide the Training online through webinar to the client and supports fully to the second party. First Time onsite Training is provided by the first party. In case the second party is required more onsite Training ($2^{nd}$ time or more) then it shall be chargeable on man-days basis and considered as a physical visit.

6. **That** First party shall provide data backup to the second party. The second party is also responsible to take the backup monthly from the Absolute ERP. First party shall also have the backup policy from time to time but does not ensure the full back all the times to the second party due to any technical fault though First party is committed to maintain the data backup.

7. **That** First party does not consider any customization but in case some customization are required by the second party and it is increasing the utility of the Absolute ERP then First party can consider. This is the sole prerogative to consider the customization and reject the customization without any explanation or clarification. In case the First party is accepting the customization (not provided in the scope) then First party shall charge extra amount which shall be fixed after the mutual agreement of both the parties.

8. **That** the First party will provide the customer support during the working hour i.e 10:00 a:m to 5:30 p:m as per local Standard time from Monday to Friday through the dedicated customer support number and appointed Relationship Manager. In case support is not adequate or not support timely then second party can escalate it to the different levels as follows:

| **Level** | **Position** |
|---|---|
| Level 1 | Assigned Relationship Manager |
| Level 2 | Operations Head |
| Level 3 | CEO Directly |

9. **That** the First party support is limited to the Software problems and First party is not liable or responsible for the Hardware or other problems like Browser, Internet, Network or any other problem and shall be handled by the second party itself.

10. **That** the call and communication shall be record for future reference and training purpose.

11. **That** the payment mode shall be cheque /NEFT/Bank Transfer into the company current account only.

12. **That** the second party can cancel or terminate the agreement any time by giving a notice to the first party but the amount paid till the date of termination shall not be refunded in any situation as first party has spent ample time and efforts on the project. First party can also terminate or cancel the project any time by giving a notice and can stop the services of Software immediately if second party is unable to pay the amount as due in advance. After termination or cancellation of the project from either side, First party is not liable or responsible for data security or to provide any data or data backup the second party.

13. **That** the second party can use the utility of the software within the time limit for the period of the agreement. After the lapsing of agreement or termination of agreement second party has to remove all the file from its system which are related with the software.

14. **That** the second party cannot claim the rights or privilege related with the software as all rights and claims belongs to First party only. The second party cannot assign or transferred the Software services to any of its agents or third party as the services are non-transferrable.

15. **That** all the parties keep confidential the information of each other and in any situation no information can be leaked or given to anybody even after the termination of the contract. The information shall be furnished to the statutory authorities if asked by the legal and any statutory authority.

16. **That** it does not includes any errors: (i) caused by factors outside of Provider's reasonable control; (ii) that resulted from Customer's software or hardware or third party software or hardware, or both; (iii) that are result of abuses or other behaviors that violate the Agreement; or (iv) Services that are being limited by quotas.

17. **That** Should either party be prevented wholly or in part from fulfilling any of its obligations under the agreement for reasons of force majeure, the party claiming under this article shall be entitled to

such extension of time to fulfill such obligation as may be reasonable necessary in the circumstances.

18. **That** he First party shall provide the shared cloud server to run the ERP to client as per the price policy as mentioned. In case clients wants to keep the data on its own cloud server then client can request to Absolute ERP to have its own cloud server. The Absolute ERP shall suggest the minimum configuration required of the Cloud server as per the client's data size and requirements. Client cloud set up & configuration will be chargeable. The Client cannot offer any other server except than Cloud server of the specific configuration as suggested by Absolute ERP. In case clients wants to upgrade the cloud configuration then Absolute will suggest the upgraded configuration as per client's data size & requirements shall be chargeable as per prevailing prices.

19. **That** as per the standards we will provide total of 8 formats (like Invoice format, PO format etc.) to be designed for customer as a part of standard process, any additional formats to be designed would be informed to customer and take approvals on the estimations.

20. **That** any addition in legal entity or Unit or location or warehouse and no. of users may impact the commercials.

21. **That** any additional customized report will chargeable as per the client requirements.

22. **That** in case of dispute arises between the parties then it shall be resolved through Indian Arbitration and Reconciliation Act, 1996 In the situation the dispute is not resolved through the arbitration then the court of Jurisdiction is only New Delhi and no other court in India or outside India.

Force Majeure hereunder shall be defined as any of the following events war. Preparation if War, Blockade, Revolution, Insurrection Mobilization, Civil Commotion's, Riots, Strikes, Sabotages, Lockouts, Acts of God, Plague, Freight embargoes, Earthquakes, Tidal Waves, Typhoons, Storms, Fire, Explosion, Flood, Severe Labor dispute on the part of either party or its subcontractors on any conditions of similar nature beyond control of the parties hereto.

We now look forward to receive your esteemed work order and a strong mutually beneficial relationship between our organizations.

Thanking you and assuring you of our utmost commitment to the proposed assignment, we remain,

Yours faithfully,

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date set forth above.
